

Study Group Leaders' Agenda **January 17, 2019** **Study Group Coordinator – Joy Michels**

- **Group Updates**

- An LCGS email alias has been created for each group. It is a pointer to each leader's email and can easily be changed as necessary without changing other documentation such as flyers, postcards, etc. If this is not working, please let me know and I will pass the word to Bob.
- Attendance reported for 2018. British Isles group did meet but report was already sent.

- **Attendance at Group Meetings Since Last Report**

- Attendance updates?
- Starting new chart for 2019

- **Study Group News/Discussion**

- Were any of the links provided in November helpful? Should I keep sharing these kinds of things or are they not relevant to your group?
- Dates for Study Group Leaders Meetings (handout)
- From the recent Board meeting:
 - Would it be possible to spread out the study group meetings? Most are on Thursdays. (Handout)
 - What about meeting less often? (I did explain that each group made these decisions.)
 - Is the Colonial group getting too large? (Again, I explained that it is for the group to decide.)
 - Request to survey interest for German and French Canadian as well as other potential groups. (Clipboard will be passed at general meeting later.)

- **Actions of Note/Narrative**

- Provide yellow flyers to leaders for their use. (I realize there may be some changes but these are needed for the general meeting later today. Contact information should take care of any discrepancies.)
- Postcards are no longer available. We are using the flyer instead. Would you like to have postcards as well?
- Would you like to write a short paragraph in what it is your group does? This could be shared via the web site, Facebook, and other social media approved by the Board.
- Is it OK to introduce you at the Board meeting? Just a quick visual so people can recognize you.
- Next Leaders meeting: February 21st same time and place.
